

Information for Reciprocity Students Studying Biological Sciences at UC Irvine

UCI School of Biological Sciences
1324 Biological Sciences III

Academic Counselor: Kristin Fung

Tel: (949) 824-4702

Email: ksfung@uci.edu

Website: <https://www.bio.uci.edu/>

UCI students view their enrollment time and enroll in courses online through [WebReg](#).

When planning your proposed courses, review both the [General Catalogue](#) for course descriptions and the [Schedule of Classes](#) for the list of course offerings.

Any questions you may have regarding prerequisites for courses should be addressed by [email](#). When writing include your full legal name, UCI student ID number and identify yourself as a UCEAP reciprocal exchange student.

Please note that these UC Irvine Biological Sciences courses are restricted and will not be available to UC reciprocity students:

BIO SCI 101 California Teach 2: Middle School Science and Mathematics Teaching

BIO SCI D113 Genetics Majors Seminar

BIO SCI D114 Developmental and Cell Biology Majors Seminar

BIO SCI E107 Seminar in Ecology and Evolutionary Biology

BIO SCI E117A- E117B- E117C Exercise Sciences Seminar

BIO SCI N120A- N120B- N120C Human Biology

BIO SCI N115A-B Advanced Neurobiology I & II

Upper-Division Laboratories: Student must complete the prerequisites Bio Sci 100 (Scientific Writing) and 194S (Safety and Ethics for Research) **at UCI** before enrolling in laboratory courses.

Bio Sci 199 Research: Students must complete the prerequisite of Bio Sci 194S (Safety and Ethics for Research) at UCI before enrolling in Bio Sci 199.
