

Information for UCEAP Reciprocity Students Studying under Biological Sciences at UCI

UCI School of Biological Sciences

1324 Biological Sciences III

Academic Counselor: Joanna Bradshaw

Email: biosciadvising@uci.edu

Telephone: Not answered while working remotely

Website: <https://www.bio.uci.edu>

Course Selection

When planning your proposed courses, review both the [General Catalogue](#) for course descriptions and the [Schedule of Classes](#) for the list of course offerings. The School of Biological Sciences [Course Offerings webpage](#) for useful information for your course enrollment.

For questions about prerequisites, use the [Prerequisite Clearance tool](#) to provide the details for your request. In addition to completing the form, please email biosciadvising@uci.edu a copy of your unofficial transcript from your home institution.

Be prepared to provide your UCI student ID number, UCI student email address, and course description / course syllabus documentation of how you have fulfilled the requirements.

Please note that these UC Irvine Biological Sciences courses are restricted and will not be available to UC reciprocity students:

- BIO SCI 2A & 2B Freshman Seminar
- BIO SCI 2D Ease Seminar
- BIO SCI 101 California Teach 2: Middle School Science and Mathematics Teaching
- BIO SCI D113 Genetics Majors Seminar
- BIO SCI D114 Developmental and Cell Biology Majors Seminar
- BIO SCI E107 Seminar in Ecology and Evolutionary Biology
- BIO SCI E117A- E117B- E117C Exercise Sciences Seminar
- BIO SCI N115A-B Advanced Neurobiology I & II
- BIO SCI N120A- N120B- N120C Human Biology
- BIO SCI 190 Transfer Seminar

Upper-Division Laboratories: Student must complete the prerequisite BIO SCI 100 (Scientific Writing) **at UCI** before enrolling in laboratory courses.

Enrollment

UCI students view their enrollment time and enroll in courses online through [WebReg](#).
