Psychology students attending UCLA are encouraged to contact the Psychology Undergraduate Advising Office via [MyUCLA Message Center](#) for help in registering for classes. You should plan on sending your course requests as soon as your first registration pass begins. Do not wait until you arrive at UCLA to enroll in psychology courses. Classes will most likely be full by that time.

Begin by visiting the Psychology Department's undergraduate [website](#). It is full of great resources to be used in addition to the class descriptions found in the UCLA [General Catalog](#).

Once you have thoroughly researched your courses and have checked the [Schedule of Classes](#) to verify that the times and days of classes do not coincide, you should send a [message](#) regarding the courses you would like to register for (including alternative options in case first choice classes are closed). Any questions you may have regarding prerequisites for courses should also be addressed in your [message](#). Be sure to include your student ID number.

If you would like to receive departmental announcements, please subscribe to our [email listserv](#).
